

Is your club looking for something new and different to offer members and dog lovers? Consider hosting a Super Sniffer Workshop! It's fun for everyone—dogs & people alike! All ages and all breeds can participate. No handler skill or experience is needed. And your club can build up its treasury at the same time.

Beginner Sessions include:

- ✓ Introduction to odors
- ✓ Targeting
- ✓ Handling & training techniques
- ✓ All the do's and don'ts to keep your dog working basic searches

Advanced Sessions include:

- ✓ Room searches
- ✓ Vehicle searches
- ✓ Area searches
- ✓ Advanced troubleshooting

SUPER SNIFFER Workshops™

Super Sniffer Workshops are approved by all organizations for CEUs for recertification of instructors.

Learn Debby's amazingly simple yet powerfully motivating program that produces top detector dogs around the world!

EXPERIENCE THE LEARNING. LEARN FROM EXPERIENCE.

Debby Kay has been an innovator in dog training for over 40 years. From her upbringing with her family's hunting hound kennel, her scent work experience spans SAR, mantracking and hunting hounds to research in detection dog capabilities. Debby helped establish and train the first instructors for the BATF explosives detection dog program. She has trained over 200 certified detector dogs of all types that have served around the world with security, police and government agencies. As former head trainer for International Detector Dog Ltd., she trained the first toxic waste detection dog and pioneered the training and use of accelerant detection dogs.

Debby is an acclaimed writer, author, all breed conformation judge and hunt test judge.
